a. **Program Outcomes (POs) are defined as below: A management postgraduate should be able to**

PO1: Apply knowledge of management theories and practices to solve business problems.

- Mastering management theories and their application in addressing complex business challenges.

PO2: Foster Analytical and critical thinking abilities for data-based decision making.

- Enhancing analytical and critical thinking for making informed decisions based on data.

PO3: Ability to develop value-based leadership ability.

- Cultivating leadership with a foundation in ethical values and integrity.

PO4: Ability to understand, analyse and communicate global, economic, legal and ethical aspects of business.

- Navigating global business environments with an understanding of economic, legal, and ethical dimensions.

PO5: Ability to lead themselves and others in the achievement of organizational goals, contributing effectively to a team environment.

- Leading and collaborating effectively to achieve organizational objectives.

PO6: Exhibit proficiency in applying advanced quantitative and qualitative research methodologies, allowing them to critically evaluate data, make evidence-based decisions, and contribute to the continuous improvement of organizational processes.

- Applying rigorous quantitative and qualitative research methods to inform decision-making and foster organizational improvement.

PO7: Demonstrate expertise in resolving business problems that may arise due to the advancement of the management concepts and engage in lifelong learning.

- Solving emerging business problems through advanced management knowledge and a commitment to lifelong learning.

PO 8: Build proficiency in utilizing modern business technologies and tools, understanding their impact on business operations, and leveraging them for strategic advantage.

- Leveraging modern technologies and tools for strategic business advantages.

b. **Program Specific Outcomes (PSOs) are defined as below: A management postgraduate should be able to**

PSO1: Apply the fundamental understanding of management sciences in order to tackle the challenging business issues.

- Utilizing core management principles to address and resolve pressing business issues.

PSO2: Instill the capacity for acquiring multidimensional knowledge via experiential learning, research, analysis, problem solving abilities through case studies, projects, industrial training and apply necessary tools to solve the problems.

- Acquiring diverse knowledge through hands-on learning, research, and analytical problem-solving to tackle real-world challenges.

Based on the provided data for the batch 2019 - 2021 regarding direct and indirect attainment of various Performance Objectives (POs) and Program Specific Objectives (PSOs), an analysis reveals the following:

The attainment level (batch 2019 - 2021) for both POs and PSOs has been capped at 2.3. Upon calculating the (3) PO attainment, two POs have not been attained, and one PSO has not been attained.

- Upon reviewing the POs and their total attainment scores:
 - PO5 and PO8 are identified as the objectives not fully attained, since their total scores are above the cap of 2.3, which are 2.288651 and 2.280793 respectively. It is noteworthy that these scores are marginally below the cap, reflecting a near attainment and suggesting that with minor continuous improvement, the objectives may be reached.
 - PO5: Ability to lead themselves and others in the achievement of organizational goals, contributing effectively to a team environment.
 - Leading and collaborating effectively to achieve organizational objectives.
 - PO 8: Build proficiency in utilizing modern business technologies and tools, understanding their impact on business operations, and leveraging them for strategic advantage.
 - Leveraging modern technologies and tools for strategic business advantages.
 - Both PO5 and PO8 have been marked for 'Continuous Improvement', indicating that while they did not meet the attainment threshold, efforts are taken to address these gaps.
 - In the case of the PSOs, they all appear to have been attained, with the total attainment scores being below the cap of 2.3. However, PSO3 has a positive gap showing that it has not exceeded the target by 0.070729, which suggests falls into the category of 'Continuous Improvement'.

Action Taken:

- Action for PO5 (Ability to lead and contribute to team environments):
 - Implement a leadership development program focusing on team collaboration, conflict resolution, and effective communication.
 - Encourage team-based projects that align with organizational goals, allowing students to practice and enhance their leadership skills.
 - Provide opportunities for students to receive feedback on their leadership abilities from peers and faculty.
- Action for PO8 (Proficiency in modern business technologies and tools):
 - Introduce hands-on workshops and training sessions focused on the latest business technologies and analytical tools.
 - Forge partnerships with technology firms to offer students insights into practical applications of these tools in a business context.

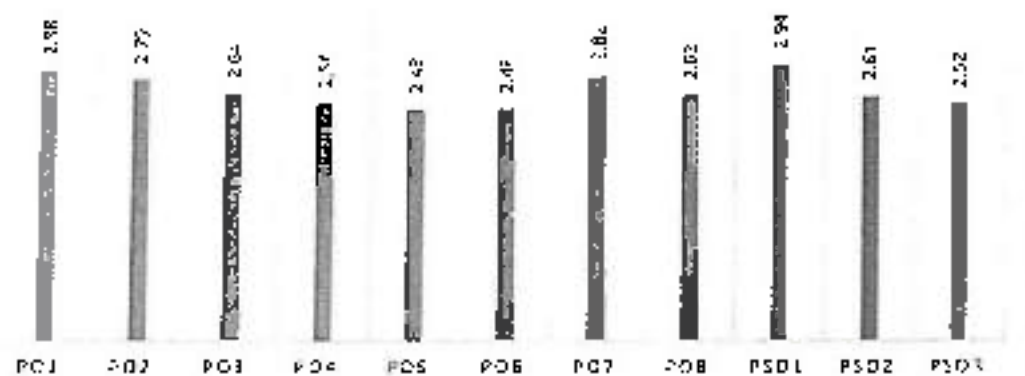

Although the text indicates that all objectives have been achieved, if the attainment level is strictly capped at 2.3 for the batch 2020-2023, as it was for the previous year, then the following actions might still be recommended:

- For PO1, PO7, and PSO1, which have a notably higher performance (with total scores of 2.88, 2.79, and 2.94 respectively), actions can be geared toward maintaining the standards of excellence. This might involve reinforcing the current curriculum and learning methodologies, as well as integrating advanced materials or studies to challenge and stimulate high-achieving students.
- For objectives like PO8 and PSO3, which narrowly attained the targets (with total scores of 2.306 and 2.348 respectively), the program can aim to increase the margin of attainment. This would ensure a safer buffer to accommodate variations in student performance and changes in learning conditions year-over-year.

TOTAL ATTAINMENT (DA + IA)

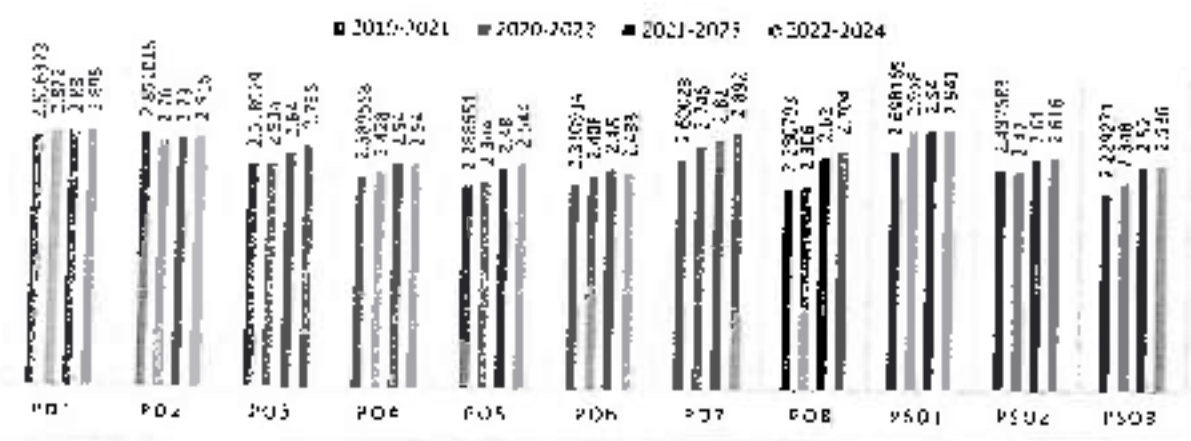

- **Curriculum Enhancement:** Review and update the curriculum content for courses related to quantitative and qualitative research methodologies to ensure they are up-to-date with the latest standards and practices in the field. Include new and emerging research techniques that are being adopted in organizational settings as certification courses.
- **Workshops and Seminars:** Organize workshops and extra-curricular seminars led by experts in research methodology to provide hands-on experience in advanced quantitative and qualitative techniques.
- **Faculty Training:** Attending at least 2 FDPs with a minimum of 5 days is made mandatory.
- **Feedback Mechanisms:** Implement a structured feedback mechanism where students can reflect upon and discuss the challenges they face in applying research methods, allowing for continuous course and teaching method improvement.

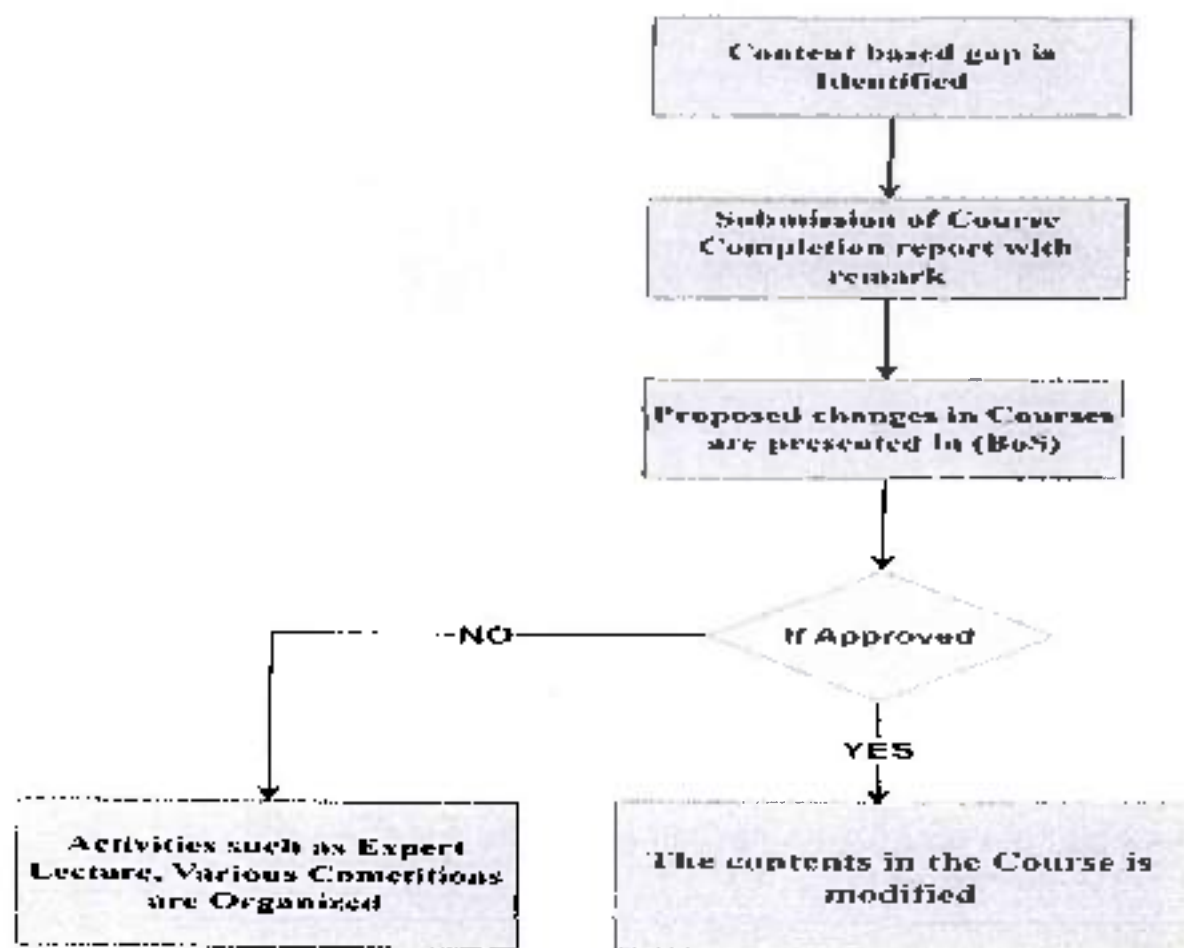

By integrating these actions, the program hopes to boost the proficiency of students in quantitative and qualitative research methodologies to ensure that the attainment target of 2.5 is achieved for PO6 in the future batches.

- PO6: Here, the score initially increased but then dropped slightly in 2022-2024 to 2.433. While there has been general improvement since 2019-2021, this suggests a need for targeted actions to address the recent decline.
- PSO2: The score dropped slightly in 2020-2022 but then increased again over the next years to 2.616, indicating an overall upward trend.

Identification of Gaps in the curriculum

State the process for designing the program curriculum (10)

(Describe the process that periodically documents and demonstrates how the program curriculum is evolved or give the process of gap analysis, whichever is applicable, considering POs)

HBS has been providing the Post Graduate Diploma in Management (PGDM) program from 2016 onwards as per the AICTE guidelines and norms with CBCS. The PGDM program is designed by keeping the needs of the industry in mind. This implies that the curriculum and structure of the PGDM program are tailored to address the current and evolving requirements of the business world. PGDM program in total consist 6 trimesters, where each academic year will have 3 trimesters. HBS is incorporating successful strategies and methodologies used by some of the top tier business schools into its program. Course design of the PGDM program has been carefully formulated by indicates a deliberate effort to create a curriculum that is relevant, up-to-date, and aligned with the best practices in the industry. The program undergoes periodical curricular revisions through BOS, Academic Council and Governing council. This reflects a commitment to staying current with industry trends and continuously improving the educational content to provide students with the most relevant and valuable knowledge and skills. The PGDM program is described as highly successful, indicating positive outcomes for students. Moreover, the program has gained strong acceptance in the industry, suggesting that graduates are well-received by employers and that the skills and knowledge imparted by the program align with industry expectations.

CURRICULUM DESIGN PROCESS

Process:

The Institute has been reviewing and updating the curriculum both to ensure enough instructional content material and to satisfy the rising enterprise wishes. The PGDM curriculum is revised on the premise of inputs accrued from exclusive assets.

Sources of Information for Curriculum Revision

- The Academic Council gets inputs from BOS.
- BOS will be constituted with industry experts, alumni and from leading academicians and faculty members of prestigious management institutions.
- Obtaining stakeholders feedback that is relevant to curriculum revision has been the placement activity. The industry expert's comments after completion of placement exercises are significant pointers to identify gaps in management learning and to take appropriate actions for curriculum modification from the perspective of industry relevance of the PGDM programme.
- AICTE norms or model curriculum for PGDM programme are an important guiding principle factor for curriculum revamp.
- An Internal Review Committee deals with the task of preparation for curriculum revision under the guidance of Academic Council.

Board of Studies (BOS)

The Board of Studies holds paramount importance as a key academic body responsible for the design and development of curriculum. Comprising representatives from the academic chairperson, specialization heads, and faculties, the Board of Studies brings together diverse perspectives for effective decision-making. Serves as the authoritative body for the design and development of curricula, ensuring relevance and alignment with academic standards. Ensures inclusive representation from various academic facets, promoting a holistic approach to curriculum development. Engages in continuous review and enhancement of curricula, adapting to emerging trends and industry requirements to maintain program relevance.

Board of Studies, through its collaborative and inclusive approach, plays a pivotal role in shaping and advancing the academic landscape of the institution, emphasizing the ongoing development and relevance of educational programs.

- Develop comprehensive syllabus for various departmental courses, submitting them to the Academic Council for approval and subsequent publication.
- Regularly update and revise syllabus content to align with industry standards, submitting proposed changes to the Academic Council for approval.
- Consider recommendations from Area Heads and faculties regarding program-related matters and provide suitable recommendations to the Academic Council

- Convene at least once a year for Board of Studies meetings, fostering collaborative discussions on curriculum, program development, and academic regulations.
- Ensure strict adherence to all codes and regulations governing programs, fostering a culture of compliance within the academic framework.
- Periodically review existing regulations related to programs and recommend modifications to the Academic Council to enhance the effectiveness of academic structures.
- Evaluate academic performances, offering recommendations to the Academic Council regarding results declaration, degree awards, and improvements in Summer Internship and Placement outcomes.
- Recommend the recognition of outstanding achievements through stipends, scholarships, medals, and prizes, contributing to the acknowledgment of academic excellence.
- Collaborate in formulating a general timetable for the program and finalize the academic calendar for Academic Council approval.
- Establish sub-committees to monitor curriculum implementation, assess program effectiveness, and provide guidance on evaluation processes.

Conduct a minimum of one meeting per trimester, communicating resolutions to the Chairman of the Academic Council, and maintain comprehensive records in the office of the Academic Chairperson.

- Undertake any additional responsibilities or functions assigned by the Director, contributing to the overall strategic direction and success of the academic programs.
- Emphasize quality assurance in curriculum development and implementation, ensuring that programs meet the highest educational standards.
- Foster transparent communication within the Board of Studies, promoting a collaborative and informed decision-making environment.
- Continuously monitor the impact of the academic curriculum, through sub-committees, ensuring relevance, and adapting to emerging educational trends.

Academic Council

- o The Academic Council of the Institute reviewed the proposals and approved the curriculum, with modifications as considered necessary.
- o The Academic council consists of experts from Academia, Industry and Alumni, Retired Senior Administrative and Entrepreneurs.

Governing Council

Process of Gap Analysis by subject experts and development of the curriculum

There are two processes of gap analysis

- (1) Examining gaps at the level of expectations on the programme by stakeholders
- (2) Gaps in the attainment of PO already ascertained at the programme level.

The first level gaps –gaps within the programme are identified through the following methods.

- The feedback from companies where our students are placed.
- Feedback from the Alumni on the curriculum
- Feedback from experts participating in the curriculum development as part of the subject wise Expert Committee and/or as members of the Academic Council
- Benchmarking the curriculum with selected B Schools and model curriculum by AICTE.
- Feedback from the faculty and students.

All such feedback is presented and discussed in the Academic Council and the curriculum updated with the gaps attended to.

The second gap analysis is against the attainment of POs of the programme. This is done after calculating the PO attainment level at the programme level. If there are gaps, proposals to deal with them are prepared by the Director Academic seeking the support of IQAC and senior faculty members and thereafter modifications introduced in the teaching, learning and assessment processes. Some of the steps taken to loop the gap in the attainment of POs are;

- Providing additional study materials both printed and electronic materials including videos.
- Expert lectures by people from the industry
- Organizing additional industry visits
- Additional the case studies
- Providing live project tasks/opportunities wherever possible
- Additional training wherever necessary
- Orientation and FDP will be organized

Cultivating Leadership Talents

IIBS

III.4	Improvement in quality of the students admitted to the program	10 Marks
	Self-Assessment	10 Marks

International Institute of Business Studies (IIBS) is renowned for its rigorous admission procedure, designed to select only the highest calibre of students for its Postgraduate Diploma in Management (PGDM) program. The process begins with candidates appearing for entrance examinations like the MAT, CAT, XAT, NTA, NMAT, APMA, etc., which are pivotal in assessing their aptitude and suitability for the demanding curriculum offered by IIBS.

Candidates aspiring to join IIBS must apply through the institute's website for the PGDM program. The selection process is meticulously structured into three levels of screening to ensure a comprehensive evaluation of each applicant. The first stage involves Pre-Interview Profiling, where candidates' backgrounds and achievements are reviewed. This is followed by a Faculty Interview, focusing on academic capabilities and potential contributions to the program. The final hurdle is the Corporate Interview, designed to assess the candidates' professional readiness and alignment with industry expectations.

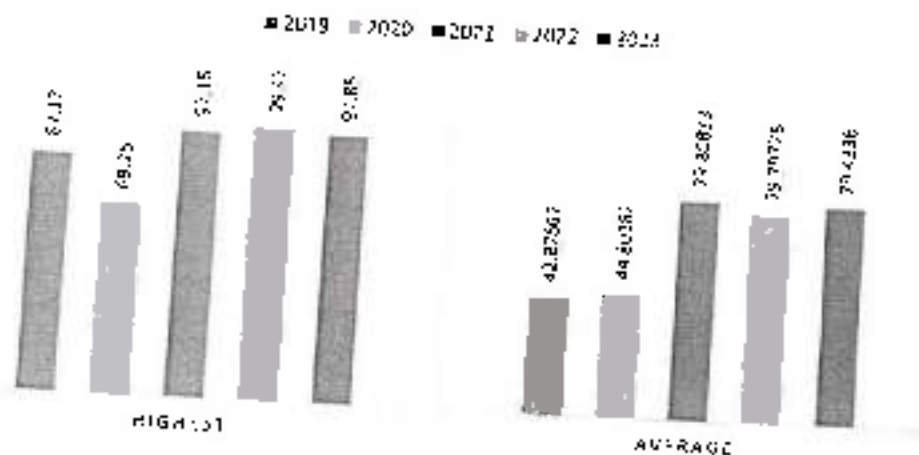

Admission to IIBS is contingent upon an aggregate score derived from the entrance examination results and performance across the screening stages, ensuring a selection of students with not only academic excellence but also professional potential and personal qualities conducive to leadership and innovation.

The admission data over the years underscores IIBS's commitment to quality. For instance, the Management Aptitude Test (MAT) scores have consistently reflected high standards, with the highest scores ranging from 97.12 in 2019 to 99.47 in 2022, and a significant uptick in the average scores from 42.68 in 2019 to 79.43 in 2023. Similarly, the Common Admission Test (CAT) scores have shown a steady improvement, with the highest scores peaking at 89.55 in 2023 and average scores escalating from 13.43 in 2019 to 65.23 in 2023.

The institute has also adjusted its cutoff percentiles over the years in response to global challenges and evolving academic standards. For MAT, the cutoff percentile rose from no cutoff in 2019 to 60 percentile in 2023, indicating a higher bench for selection. CAT cutoffs were introduced in 2022 at 40 percentile, moving up to 50 percentile in 2023. Further demonstrating IIBS's commitment to excellence.

Management Aptitude Test and Test Scores

The Management Aptitude Test (MAT) is designed to measure the aptitude of a candidate for pursuing management education and should be used only for this purpose.
 MAT is administered in five sections: Language Comprehension, Mathematical Skills, Data Analysis & Sufficiency, Intelligence & Critical Reasoning and Indian & Global Environment. Each section testing a different ability relevant for management education.
 As MAT administrations necessarily have different questions, thus one administration may be slightly more difficult or less difficult than another, scaling has been used to take care of these differences.
 The scaled scores reported are standardised scores for respective sections. These scores are reported on a scale of 0 to 100. Extreme scores (below 15 or above 85) are rare.
 The percentile below column indicates the percentage of candidates in the test who scored below that of the candidate in the section.
 The Composite score is an overall scaled score based on the first four sections of MAT. This is reported on a scale of 199 to 801.
 The percentile below for the Composite Score represents the percentage of candidates whose composite scores are below the candidate's. The composite score has a validity period of one year.
 All scores and percentile below figures are reported after rounding off to the nearest whole number.
 Personal data is as captured by the candidate.
 The AIMA has taken due care while uploading the Score Card. However, in case of any inadvertent error, the AIMA reserves the right to modify the score at a later stage.
 Normalised scores across all test session papers are based on the relative performance of all those who appeared for the examination. The raw marks obtained are transformed into Normalised Score. For detailed procedure on Normalised Score, please visit website <https://resources.aima.org/aima-aptitude-uploaded-file/matscore-and-its-interpretation.pdf>

The Overall Scaled Score is the sum of the scaled scores of the candidate in the three sections.
Percentile refers to the percentage of candidates who score on a scale of score less than or equal to the scaled score obtained by the candidate.
IIMs and Non-IIM member institutions independently decide how to use CAT 2022 scores in line with their own selection process. The scores are to be used only for selecting the candidates to their respective Post Graduate (Doctoral/Fellow) Program(s) in Management.
Detection of instances of incorrect information and process violation by a candidate at any stage will lead to disqualification of the candidate. CAT scores of such candidates who are disqualified will become null and void. Such disqualified candidates will not be allowed to appear for CAT in future. If such instances go undetected during the current selection process but are detected in subsequent years, such disqualification and the associated penalties will take place with retroactive effect.
All queries regarding post-CAT 2022 selection process must be directed to the respective IIMs CAT Office or IIMo, answer post-CAT queries.

1. The NTA Score of a candidate indicates the percentage of candidates who have scored EQUAL TO OR BELOW (same or lower raw marks) that candidate in that session.

2. The NTA scores of a candidate have been calculated as follows:

$100 \times \frac{\text{Number of candidates appeared in the 'Session' with raw score EQUAL TO OR LESS than the candidate}}{\text{Total number of the candidates appeared in the 'Session'}}$

NTA score is not the same as percentage of marks obtained.

3. A National Merit Ranking (All India Rank) has been arrived based on the NTA Score.

4. Candidates having same Score are listed in a chronological (ascending) order as per their date of birth.

5. Candidates having same score have been given the same Merit, and the next Merit rank has been increased by the same number i.e. if there are two candidates at Merit 2, Merit 3 would not be awarded to the next candidate but Merit 4 would be given.

6. The admission authorities are advised to use NTA score awarded to the students for allotment of seat in the AICTE approved programs along with the other criteria that may exist, as applicable.

7. Candidate's particulars including Category and Person with Disability (PwD) have been indicated as mentioned by the candidate in the online Application Form.

8. Instances of incorrect information provided by the candidates, if detected at any stage, would make the candidate liable for disqualification.

9. The responsibility of verifying the category of the candidate for ascertaining eligibility of admission and award of scholarship if any lies with the admitting institute.

10. Qualifying in CMAT 2023 does not guarantee any automatic entitlement for admission to P G programme nor AICTE assistance under P G programmes.

11. Any dispute concerning CMAT 2023 would be subject to jurisdiction of the competent courts within the territorial jurisdiction of New Delhi only.

Management Aptitude Test and Test Scores

- The Management Aptitude Test (MAT) is designed to measure the aptitude of candidates for pursuing a management program and should be used only for this purpose.
- MAT is divided into five sections: Language Comprehension, Mathematical Skills, Data Analysis & Sufficiency, Intelligence & Critical Reasoning, and Indian & Global Environment. Each section tests a different ability relevant to management education.
- MAT question papers are issued in different editions. The same edition may be slightly more difficult or less difficult than another. Efforts have been made to take care of these differences.
- The scaled scores reported are standardised scores for respective sections. These scores are reported on a scale of 0 to 100. Extra answers do not affect the scaled score.
- The percentile below column indicates the percentage of candidates in the test whose score is less than that of the candidate in the section.
- The Composite Score is the overall scaled score based on the first four sections of MAT. This is reported on a scale of 100 to 200.
- The percentile below for the Composite Score represents the percentage of candidates whose composite scores are below the candidate. The percentile score has a validity period of one year.
- Visiting percentile below figures are reported after rounding off to the nearest whole number.
- Percentile below figures are reported by the candidate.
- The AIMA does not disclose the candidate's score on the score card. However, in case of any inadvertent error, the AIMA reserves the right to correct the same at a later stage.
- Normalized and composite MAT question papers are based on the relative performance of all those who appeared for the examination. The percentile below and the scaled score National test scores. - The NTA Score of a candidate indicates the percentage of candidates who have scored EQUAL TO OR BELOW (same or lower) marks than candidate in the session.
- The NTA scores of a Candidate have been calculated as follows:

$$\frac{\text{NTA Score of Candidate}}{\text{Total number of the candidates appeared in the 'Session'}} \times 100$$
 NTA score is not the same as percentage of marks obtained.
- A National Merit Ranking (All India Rank) has been arrived based on the NTA Score.
- Candidates having same score are listed in a chronological (ascending) order as per their date of birth.
- Candidates having same score have been given same Merit and the next Merit rank has been increased by the same number i.e. if there are two candidates of Merit 2, Merit 3 would not be awarded in the next candidate but Merit 4 will be given.
- The admission authorities are advised to use NTA score awarded to the students for allotment of seats in the AICTE approved programs along with the other criteria that may exist, as applicable.
- Candidate's particulars including Category and Person with Disability (PwD) have been indicated as mentioned by the candidate in the entire Application Form.
- Instances of incorrect information provided by the candidates, if detected at any stage, would result the candidate liable for disqualification.
- The responsibility of verifying the category of the candidate for ascertaining eligibility of admission and award of scholarship if any lies with

Management Aptitude Test and Test Scores

1. The Management Aptitude Test (MAT) is designed to measure the aptitude of a candidate for pursuing management education and should be used only for this purpose.
2. MAT is administered in five sections-Language Comprehension, Mathematical Skills, Data Analysis & Sufficiency, Intelligence & Critical Reasoning and Indian & Global Environment each section testing a different ability relevant for management education.
3. All MAT administrations necessarily have different questions. Thus one administration may be slightly more difficult or less difficult than another. Scaling has been used to take care of these differences.
4. The scaled scores reported are standardized scores for respective sections. These scores are reported on a scale of 0 to 100. Extreme scores (below 15 or above 85) are rare.
5. The percentile below column indicates the percentage of candidates in the test who scored below that of the candidate in the section.
6. The Composite score is an overall scaled score based on the first four sections of MAT. This is reported on a scale of 199 to 801.
7. The percentile below for the Composite Score represents the percentage of candidates whose composite scores are below the candidate's. The composite score has a validity period of one year.
8. All scores and percentile below figures are reported after rounding off to the nearest whole number.
9. Personal data is as reported by the candidate.
10. The AIMA has taken due care while uploading the Score Card. However, in case of any inadvertent error, the AIMA reserves the right to rectify the same at a later stage.
11. Normalized scores across multiple session papers are based on the relative performance of all those who appeared for the

Management Aptitude Test and Test Scores

- The Management Aptitude Test (MAT) is designed to measure the aptitude of a candidate for pursuing management education and should be used only for this purpose.
- MAT is administered in five sections: Language Comprehension, Mathematical Skills, Data Analysis & Sufficiency, Intelligence & Critical Reasoning and Indian & Global Environment—each section testing a different ability relevant for management education.
- All MAT administrations necessarily have different questions. Thus one administration may be slightly more difficult or less difficult than another. No scaling has been used to take care of these differences.
- The scaled scores reported are standardized scores for respective sections. The test scores are reported on a scale of 0 to 100. Extreme scores (below 10 or above 95) are rare.
- The percentile below column indicates the percentage of candidates in the test who scored below that of the candidate in the section.
- The Composite score is an overall scaled score based on the first four sections of MAT. This is reported on a scale of 199 to 805.
- The percentile below for the Composite Score represents the percentage of candidates whose composite scores are below the candidate's. The composite score has a validity period of one year.
- All scores and percentile below figures are reported after rounding off to the nearest whole number.
- Personal data is as reported by the Candidate.
- The AIMA has taken due care while uploading the Score Card. However, in case of any inadvertent error, the AIMA reserves the right to rectify the same at a later stage.
- Normalized scores across multiple sessions/papers are based on the relative performance of all those who appeared for the examination. The raw marks obtained are transformed into Normalized Scores. For detailed procedures on Normalized Scores, please visit website <http://examresults.aima.org> for downloading uploaded file. Exam scores are at examresults.aima.org.

Management Aptitude Test and Test Scores

1. The Management Aptitude Test (MAT) is designed to measure the ability of a candidate for personal development, job skills and ability to handle the business purpose.
2. MAT is a paper-based test, consisting of language Comprehension, Mathematical Skills, Data Analysis & Sufficiency, Intelligence & Critical Reasoning and Indian & Global Environment of each section testing a different ability relevant for management education.
3. All MAT examinations are designed to be difficult and challenging. The questions may be slightly more difficult or less difficult than those of a high school level to test candidates' preferences.
4. The scaled scores reported are standardized scores for respective sections. These scores are reported on a scale of 0 to 100. Extreme scores (below 15 or above 85) are rare.
5. The percentile below column indicates the percentage of candidates in the test who scored below that of the candidate in the section.
6. The Composite score is an overall scaled score based on the first four sections of MAT. This is reported on a scale of 100 to 800.
7. The percentile below for the Composite Score represents the percentage of candidates whose composite scores are below the candidate's. The percentile score has a valid meaning for the test.
8. All scores and percentile below figures are reported as an integer, i.e., rounded off to the nearest whole number.
9. The score card is as reported by the candidate.
10. The MAT is a blind examination while applying the score card. However, in case of any inadvertent error, the AIMA reserves the right to verify the score of a candidate.
11. No machine scores across multiple sessions are based on the relative performance of all those who appeared for the examination. The raw machine score will be transferred into Normalised Score. - The NTA Score of a candidate indicates the percentage of candidates who have scored EQUAL TO OR BELOW (same or lower raw marks) that candidate in this session.
- The NTA scores of a Candidate have been calculated as follows:

$$\frac{100 \times \text{Number of Candidates appeared in the 'Session' with raw score EQUAL TO OR LESS than the candidate}}{\text{Total number of the Candidates appeared in the 'Session'}}$$
 with score is not the same as percentage of marks obtained.
- A National Merit Ranking (All India Rank) has been arrived based on the NTA Score.
- Candidates having same score are listed in a chronological (ascending) order as per their date of birth.
- Candidates having same score have been given the same Merit, and the next Merit rank has been increased by the same number i.e. if there are two candidates at Merit 3, Merit 4 would not be awarded to the next candidate but Merit 5 would be given.
- The admission authorities are advised to use NTA score awarded to the students for allotment of seat in the AICTE approved programs along with the other criteria that may exist, as applicable.
- Candidate's particulars including Category and Person with Disability (PwD) have been indicated as mentioned by the candidate in the online Application Form.
- Instances of incorrect information provided by the candidates, if detected at any stage, would not be taken into consideration.

Management Aptitude Test and Test Scores

The Management Aptitude Test (MAT) is designed to measure the aptitude of a candidate for pursuing management education and should only be used for this purpose.

MAT is administered in five sections: Language Comprehension, Mathematical Skills, Data Analysis & Soft Computing, Intelligence & Critical Reasoning, and Indian & Global Environment. Each section tests a different ability relevant for management education.

MAT is administered in two sessions. The two sessions may have different questions. Thus one administration may be slightly more difficult or less difficult than the other. Scaling has been used to take care of these differences.

The scores are reported and standardised scores for respective sections. These scores are reported on a scale of 0 to 100. Examinees who score below 15 on a particular section.

The percentile below refers to the percentage of candidates in the test who scored below that of the candidate in the section. The composite score is an overall scaled score based on the first four sections of MAT. This is reported on a scale of 100 to 400.

The percentile below for the Composite Score represents the percentage of candidates whose composite scores are below the candidate's. The composite score is a scaled percentage of raw score.

Section and percentile below figures are reported after rounding off to the nearest whole number as shown above as reported by the candidate.

The AIMA has taken due care while uploading the Score Card. However, in case of any inadvertent error, the AIMA reserves the right to edit the same at a later stage.

When the scores are reported, the scores are based on the relative performance of all those who appeared for the examination. The marks obtained are transformed into Normalised Score. Instructions:

- Only those candidates who have taken the Common Admission Test (CAT 2022) are entitled to receive this score card. Keep a print-out of this score card for your information when sitting in CAT 2023. You will not receive the score card by email or by post.
- The Overall Scaled Score is the sum of the scaled scores of the candidate in the three sections.
- Percentile refers to the percentage of candidates who receive a scaled score less than or equal to the scaled score obtained by the candidate.
- IIMs and Non-IIM member institutions independently decide how to use CAT 2022 scores in line with their own selection process. The scores are to be used only in selecting the candidates to their respective Post Graduate/Dual/DI/PhD/ Fellowship/ Program(s) in Management.
- Detection of instances of incorrect maximum mark/percent variation by a candidate at any stage will lead to disqualification of the candidate. CAT scores of such candidates who are disqualified will become null and void. Such disqualified candidates will not be allowed to appear for CAT in future. If such instances go undetected during the current selection process but are detected in subsequent years, such disqualification and the associated penalties will take place with retrospective effect.
- All queries regarding post-CAT 2022 selection process must be directed to the respective IIMs. CAT Centre will not answer post-CAT queries.
- CAT 2022 score is valid only until 31st December 2023 and is subject to the candidate meeting the minimum eligibility marks in the qualifying examination. The score card will be available on www.iimam.ac.in till 31st December 2023 to download.
- Website support on cat.2022@iimam.ac.in & cat.helpdesk@iimam.ac.in will be available till 31st March 2023.

Management Aptitude Test and Test Scores

- The Management Aptitude Test (MAT) is designed to measure the aptitude of a candidate for pursuing management education and should be taken into the test purpose.
- MAT is administered in five sections: Language Competence, Mathematical Skills, Data Analysis & Sufficiency, Intelligence & Critical Reasoning and Reading & Critical Understanding each section testing a different aptitude relevant for management education.
- All MAT administrations necessarily have different questions. Thus one administration may be slightly more difficult or less difficult than another. A mark has been used to take care of these differences.
- The scaled scores reported are standardised scores for respective sections. These scores are reported on a scale of 0 to 100. Extreme values below 10 or above 60 are rare.
- The percentile below indicates the percentage of candidates in the test who scored below that of the candidate in the section.
- The Composite score is a scaled scaled score given on the test for candidates of MAT. This is reported on a scale of 100 to 600.
- The percentile below for the Composite Score represents the percentage of candidates whose composite scores are below the candidate. The change in score has a validity period of one year.
- Raw scores and percentile below figures are reported after rounding off to the nearest whole number.
- Final result is provided by the Institute.
- The AIMA has taken due care while explaining the Score Card. However, in case of any inadvertent error, the AIMA reserves the right to alter the same as it sees fit.
- Alternative scores to raw mark (writing papers) are based on the relative performance of all those who appeared for the examination. The raw marks obtained are then converted into Normalised Score. - The NTA Score of a candidate indicates the percentage of candidates who have scored EQUAL TO OR BELOW (same or lower raw marks) that candidate in that session.
- The NTA scores of a Candidate have been calculated as follows:
 $100 \times \frac{\text{Number of candidates appeared in the 'Session' with raw score EQUAL TO OR LESS than the candidate}}{\text{Total number of the candidates appeared in the 'Session'}}$
NTA score is not the same as percentage of marks obtained.
- A National Merit Ranking (All India Rank) has been awarded based on the NTA Score.
- Candidates having same score are listed in a Chronological (ascending) order as per their date of birth.
- Candidates having same score have been given the same Merit, and the next Merit rank has been increased by the same number i.e. If there are two candidates at Merit 3, Merit 3 would not be awarded to the next candidate but Merit 4 would be given.
- The admission authorities are advised to use NTA score awarded to the students for allocation of seat in the AICTE approved programs along with the other criteria that may exist, as applicable.
- Candidate's particulars including Category and Person with Disability (PwD) have been intimated as mentioned by the candidate in the online Application Form.
- Instances of incorrect information provided by the candidates, if detected at any stage, would make the candidate liable for disqualification.
- The responsibility of verifying the category of the candidate for ascertaining eligibility of admission and award of scholarship if any lies with the admitting institute.
- Qualifying in CMAT 2023 does not guarantee any automatic entitlement for admission to P.G programmes nor AICTE assistance under P.G programmes.
- Any dispute concerning CMAT 2023 would be subject to jurisdiction of the competent courts within the territorial jurisdiction of New Delhi only.

Management Aptitude Test and Test Scores

- The Management Aptitude Test (MAT) is a test that measures the aptitude of a candidate for pursuing management education and should be conducted for this purpose.
- The MAT is conducted in five sections: Language Comprehension, Mathematical Skills, Data Analysis & Sufficiency, Intelligence & Critical Reasoning, and English & Global Communication. Each section is tested separately and the scores are added to give the total score for management education.
- The MAT is a computer-based test and the questions are displayed on a computer screen. The questions may be slightly more difficult or less difficult than those that have been used in the past for the same section.
- The total score is reported in a separate sheet for each section. These scores are reported on a scale of 0 to 100. Percentage marks are calculated on the basis of 100 marks.
- The percentage marks of a candidate are the percentage of candidates in the test who scored below that of the candidate in the section.
- The MAT score is reported in a separate sheet for each section of MAT. This is reported on a scale of 0 to 100.
- The percentage marks of the Candidate Score represent the percentage of candidates whose composite scores are below the candidate's. The composite score has a validity period of one year.
- The scaled and percentage marks are reported on a separate sheet for each section.
- The scaled marks are reported by the candidate.
- The AIMA logo and the name of the Institute should be printed on the front cover of the MAT. However, in case of any inadvertent error, the AIMA logo and the name of the Institute should not be printed on the front cover.

- The NTA Score of a candidate indicates the percentage of candidates who have scored EQUAL TO OR BELOW (size or lower raw marks) that candidate in that session.
- The NTA scores of a Candidate have been calculated as follows:

$$\frac{100 \times \text{Number of candidates appeared in the 'Session' with raw score EQUAL TO OR LESS than the candidate}}{\text{Total number of the candidates appeared in the 'Session'}}$$
 NTA score is not the same as percentage of marks obtained.
- A National Merit Ranking (All India Rank) has been arrived based on the NTA Score.
- Candidates having same score are listed in a chronological (ascending) order as per their date of birth.
- Candidates having same score have been given the same Merit, and the next Merit rank has been increased by the same number i.e. if there are two candidates at Merit 2, Merit 3 would go to the next candidate but Merit 4 would be given.
- The admission authorities are advised to use NTA score awarded to the students for allotment of seat in the AICTE approved programs along with the other criteria that may exist, as applicable.
- Candidate's particulars including Category and Person with Disability (PwD) have been indicated as mentioned by the candidate in the online Application Form.
- Instances of incorrect information provided by the candidates, if detected at any stage, would make the candidate liable for debar/invalidation.
- The responsibility of verifying the category of the candidate for ascertaining eligibility of admission and award of scholarship if any lies with the admitting institute.
- Qualifying in CMAT 2023 does not guarantee any automatic entitlement for admission to PG programmes nor AICTE assistance under PG programmes.

Show : No show indicates that you had scheduled but did not appear for the test.

DN Refused / NDA Refused indicates that you refused to agree to NMAT by GMAC™ exam Nov. Disclosure Agreement and your dated exam was terminated.

Incomplete / Incomplete-Ind indicates the exam was not successfully completed in Online proctored mode.

Important Notes

Scaled Scores: The scores reported are the scaled scores arrived at by establishing psychometric equivalence to adjust for any variation in difficulty level across the test.

Score Validity:

- Your NMAT score is valid for one year.
- It is your responsibility to apply to the NMAT accepting B schools within their admission cycle.

All institutions accepting the NMAT by GMAC™ exam will independently decide how to use the NMAT by GMAC™ scores.

If GMAC determines that you have misrepresented yourself during registration or violated any of our testing policies / processes, we reserve the right to cancel your scores. You may also be ineligible to appear for the NMAT by GMAC™ exam in the future.

Retake 1 refers to your second NMAT by GMAC™ exam this year. Scores from both the original and retake attempt are shown above.

Retake 2 refers to your third NMAT by GMAC™ exam this year. Scores from the original and both the retake attempts are shown above.

- The NTA Score of a candidate indicates the percentage of candidates who have scored EQUAL TO OR BELOW same or lower than that of the candidate in that session.
- The NTA scores of a Candidate have been calculated as follows:

$$\frac{\text{Total Number of Candidates Appeared in the Session} \times \text{Candidate's Raw Score} \times 100}{\text{Total Number of Candidates Appeared in the Session} \times 100}$$
 NTA score is not the same as percentage of marks obtained.
- A National Merit Ranking (All India Rank) has been arrived based on the NTA Score.
- Candidates having same Score are listed in chronological order as per their date of birth.
- Candidates having same score have been given the same Merit Rank and the next Merit Rank has been increased by the same number. If there are two candidates at Merit Rank 2, would not be included in the next rankable but Merit Rank could be given.
- The admission authorities are advised to use NTA score awarded to the students for allotment of seats in the AICTE approved programs, along with the other criteria that may exist, as applicable.
- Candidate's particulars including Category and Person with Disability (PwD) have been indicated as mentioned by the candidate in the online application form.
- The marks of candidates mentioned as provided by the candidates, if detected at any stage, would make the candidate liable for debarment.
- The responsibility of verifying the category of the candidate for availing eligibility of admission and award of scholarship, if any, lies with the admitting system.
- Qualifying in CMAT 2023 does not guarantee any automatic entitlement for admission to PG programme nor AICTE assistance under PG programmes.

Management Aptitude Test and Test Scores

- The Management Aptitude Test (MAT) is designed to measure the aptitude of a candidate for pursuing management education and should be used only for this purpose.
- MAT is administered in five sections-Language Comprehension, Mathematical Skills, Data Analysis & Sufficiency, Intelligence & Critical Reasoning and Indian & Global Environment-each section testing a different ability relevant for management education.
- All MAT administrations necessarily have different questions. Thus one administration may be slightly more difficult or less difficult than another. Scaling has been used to take care of these differences.
- The scaled scores reported are standardized scores for respective sections. These scores are reported on a scale of 0 to 100. Extreme scores (below 15 or above 85) are rare.
- The percentile below column indicates the percentage of candidates in the test who scored below that of the candidate in the section.
- The Composite score is an overall scaled score based on the first four sections of MAT. This is reported on a scale of 199 to 807.
- The percentile below for the Composite Score represents the percentage of candidates whose composite scores are below the candidate's. The composite score has a validity period of one year.
- All scores and percentile below figures are reported after rounding off to the nearest whole number.
- Personal data is as reported by the candidate.

1. The Management Aptitude Test (MAT) is designed to measure the aptitude of a candidate for pursuing management education and should be used only for this purpose.
2. MAT is administered in five sections: Language Comprehension, Mathematical Skills, Data Analysis & Sufficiency, Intelligence & Critical Reasoning and Indian & Global Environment each section testing a different ability relevant for management education.
3. All MAT administrations necessarily have different questions. Thus one administration may be slightly more difficult or less difficult than another. Scaling has been used to take care of these differences.
4. The scaled scores reported are standardised scores for respective sections. These scores are reported on a scale of 0 to 100. Extreme scores (below 15 or above 85) are rare.
5. The percentile below column indicates the percentage of candidates in the test who scored below that of the candidate in the section.
6. The Composite score is an overall scaled score based on the first four sections of MAT. This is reported on a scale of 199 to 801.
7. The percentile below for the Composite Score represents the percentage of candidates whose composite scores are below the candidate's. The composite score has a validity period of one year.
8. All scores and percentile below figures are reported after rounding off to the nearest whole number.

Only those candidates who have taken the Common Admission Test (CAT 2021) are entitled to receive the score card. Keep a print-out of this score card for your information pertaining to CAT 2021. You will not receive the score card by email or by post.
The Overall Scaled Score is the sum of the scaled scores of the candidate in the three sections.
Percentile refers to the percentage of candidates who receive a scaled score less than or equal to the scaled score obtained by the candidate.
IIMs and Non-IIM member institutions independently decide how to use CAT 2021 scores in line with their own selection process. The scores are to be used only for selecting the candidates to their respective Post Graduate/Doctoral (Fellow) Programme(s) in Management.
Detection of instances of incorrect information and process violation by a candidate at any stage will lead to disqualification of the candidate. CAT scores of such candidates who are disqualified will become null and void. Such disqualified candidates will not be allowed to appear for CAT in future. If such instances go undetected during the current selection process but are detected in subsequent years, such disqualification and the associated penalties will take place with retrospective effect.
All queries regarding post-CAT 2021 selection process must be directed to the respective IIMs. CAT Centre will not answer post-CAT queries.
CAT 2021 score is valid only until 31st December 2022 and is subject to the candidate meeting the minimum eligibility marks in the qualifying examination. The score card will be available on www.ima.org.in till 31st December 2022 to download.
Webmail support cat2021@ima.org.in & cat2021@iim.org will be available till 31st March 2022.

Management Aptitude Test and Test Scores

- 1 The Management Aptitude Test (MAT) is designed to measure the aptitude of a candidate for pursuing management education and should be used only for this purpose.
- 2 MAT is administered in five sections-Language Comprehension, Mathematical Skills, Data Analysis & Sufficiency, Intelligence & Critical Reasoning and Indian & Global Environment-each section testing a different ability relevant for management education.
- 3 All MAT administrations necessarily have different questions. Thus one administration may be slightly more difficult or less difficult than another. Scaling has been used to take care of these differences.
- 4 The scaled scores reported are standardised scores for respective sections. These scores are reported on a scale of 0 to 100. Extreme scores (below 15 or above 85) are rare.
- 5 The percentile below column indicates the percentage of candidates in the test who scored below that of the candidate in the section.
- 6 The Composite score is an overall scaled score based on the first four sections of MAT. This is reported on a scale of 199 to 801.
- 7 The percentile below for the Composite Score represents the percentage of candidates whose composite scores are below the candidate's. The composite score has a validity period of one year.
- 8 All scores and percentile below figures are reported after rounding off to the nearest whole number.
- 9 Personal data is as reported by the candidate.

1. This electronically generated score card is the official result declared by NTA and does not require any signatures.

2. The NTA Score indicates the percentage of candidates that have scored EQUAL TO OR BELOW (same or lower raw marks) candidates. The NTAscores of a Candidate have been calculated as follows: answer, -1 Mark for Incorrect answer and 0 Marks for no answer.

$$\frac{100 \times \text{Number of candidates appeared in the examination with raw marks EQUAL TO OR LESS than the candidate}}{\text{Total number of the candidates appeared}}$$

The NTA Score of the Total is NOT an aggregate or average of the NTA Score of individual subject. NTA score is not the same as percentage of marks obtained.

3. A National Merit Ranking (All India Rank) has been arrived based on the Marks secured against Total Marks. In case total marks are same for more than one candidate, the ranking has been done on sectional score considered in the order of :- Quantitative Techniques & Data Interpretation, Logical Reasoning, Language Comprehension, General Awareness and Candidate older in age.

4. The admission authorities are advised to use score awarded to the students for allotment of seat in the AICTE approved programs along with the other criteria that may exist, as applicable.

5. Candidate's particulars including Category and Person with Disability (PwD) have been indicated as mentioned by the candidate in the online application form.

6. Instances of incorrect information provided by the candidates, if detected at any stage, would make the candidate liable for disqualification.

7. The responsibility of verifying the category of the candidate for ascertaining eligibility of admission and award of scholarship if any lies with the admitting institute.

8. Qualifying in CMAT 2019 does not guarantee any automatic entitlement for admission to P.G. programme nor AICTE assistance under P.G. programmes.

9. Any dispute concerning CMAT 2019 would be subject to Jurisdiction of the competent courts within the territorial jurisdiction of New Delhi only.

Management Aptitude Test and Test Scores

The Management Aptitude Test (MAT) is designed to measure the aptitude of a candidate for pursuing management education and should be used only for this purpose.

MAT is administered in five sections-Language Comprehension, Mathematical Skills, Data Analysis & Sufficiency, Intelligence & Critical Reasoning and Indian & Global Environment-each section testing a different ability relevant for management education.

All MAT administrations necessarily have different questions. Thus one administration may be slightly more difficult or less difficult than another. Scaling has been used to take care of these differences.

The scaled scores reported are standardised scores for respective sections. These scores are reported on a scale of 0 to 100. Extreme scores (below 15 or above 85) are rare.

The percentile below column indicates the percentage of candidates in the test who scored below that of the candidate in the section.

The Composite score is an overall scaled score based on the first four sections of MAT. This is reported on a scale of 199 to 301.

The percentile below for the Composite Score represents the percentage of candidates whose composite scores are below the candidate's. The composite score has a validity period of one year.

All scores and percentile below figures are reported after rounding off to the nearest whole number.

Personal data is as reported by the candidate.

1. This electronically generated score card is the official result declared by NTA and does not require any signatures.

2. The NTA Score indicates the percentage of candidates that have scored EQUAL TO OR BELOW (same or lower raw marks) candidates. The NTA scores of a Candidate have been calculated as follows: answer, -1 Mark for Incorrect answer and 0 Marks for no answer.

$$\frac{100 \times \text{Number of candidates appeared in the examination with raw marks EQUAL TO OR LESS than the candidate}}{\text{Total number of the candidates appeared}}$$

The NTA Score of the Total is NOT an aggregate or average of the NTA Score of individual subject. NTA score is not the same as percentage of marks obtained.

3. A National Merit Ranking (All India Rank) has been arrived based on the Marks secured against Total Marks. In case total marks are same for more than one candidate, the ranking has been done on sectional score considered in the order of :- Quantitative Techniques & Data Interpretation, Logical Reasoning, Language Comprehension, General Awareness and Candidate older in age.

4. The admission authorities are advised to use score awarded to the students for allotment of seat in the AICTE approved programs along with the other criteria that may exist, as applicable.

- Instructions:**
- Only those candidates who have taken the Common Admission Test (CAT 2019) are entitled to receive the score card. Keep a print-out of this score card for your information pertaining to CAT 2019. You will not receive the score card by email or by post.
 - The Overall Scaled Score is the sum of the scaled scores of the candidate in the three sections.
 - Percentile refers to the percentage of candidates who receive a scaled score less than or equal to the scaled score obtained by the candidate.
 - IIMs and Non-IIM member institutions independently decide how to use CAT 2019 scores in line with their own selection process. The scores are to be used only for selecting the candidates to their respective Post Graduate/Fellow Programme(s) in Management.
 - Detection of instances of incorrect information and process violation by a candidate at any stage will lead to disqualification of the candidate. CAT scores of such candidates who are disqualified will become null and void. Such disqualified candidates will not be allowed to appear for CAT in future. If such instances go undetected during the current selection process but are detected in subsequent years, such disqualification and the associated penalties will take place with retrospective effect.
- All queries regarding post-CAT 2019 selection process must be directed to the respective IIMs. CAT Centre will not answer post-CAT queries.
CAT 2019 score is valid only until 31st December 2020 and is subject to the candidate meeting the minimum eligibility marks in the qualifying examination. The score card will be available on www.iimcat.ac.in till 31st December 2020 to download.

Management Aptitude Test and Test Scores

- The Management Aptitude Test (MAT) is designed to measure the aptitude of a candidate for pursuing management education and should be used only for this purpose.
- MAT is administered in five sections-Language Comprehension, Mathematical Skills, Data Analysis & Sufficiency, Intelligence & Critical Reasoning and Indian & Global Environment-each section testing a different ability relevant for management education.
- All MAT administrations necessarily have different questions. Thus one administration may be slightly more difficult or less difficult than another. Scaling has been used to take care of these differences.
- The scaled scores reported are standardised scores for respective sections. These scores are reported on a scale of 0 to 100. Extreme scores (below 15 or above 85) are rare.
- The percentile below column indicates the percentage of candidates in the test who scores below that of the candidate in the section.

The Composite score is an overall scaled score based on the first four sections of MAT. This is reported on a scale of 199 to 801.

The percentile below for the Composite Score represents the percentage of candidates whose composite scores are below the candidate's. The composite score has a validity period of one year.

All scores and percentile below figures are reported after rounding off to the nearest whole number.

Personal data is as reported by the candidate.

CMAT UNIT, NTA

- This electronically generated score card is the official result declared by NTA and does not require any signatures.
- The NTA Score indicates the percentage of candidates that have scored EQUAL TO OR BELOW (same or lower raw marks) candidate. The NTAscore of a Candidate has been calculated as follows: $\frac{\text{Number of candidates that have scored EQUAL TO OR BELOW (same or lower raw marks) candidate}}{\text{Total number of the candidates appeared}} \times 100$

100 X Number of candidates appeared in the examination with raw marks EQUAL TO OR LESS than the candidate.
Total number of the candidates appeared

The NTA Score of the Total is NOT an aggregate or average of the NTA Score of individual subject. NTA score is not the same as percentage of marks obtained.

3. A National Merit Ranking (All India Rank) has been arrived based on the Marks secured against Total Marks. In case total marks are same for more than one candidate, the ranking has been done on sectional score considered in the order of :- Quantitative Techniques & Data Interpretation, Logical Reasoning, Language Comprehension, General Awareness and Candidate order in age.

- The admission difficulties referred to the score awarded to the students for allotment of seat in the AICTE approved programme along with the other criteria that may exist, as applicable.
- Candidate's preferences including Category and Person with Disability (PwD) have been indicated as mentioned by the candidate in the online application form.

Instances of incorrect information provided by the candidates, if detected at any stage, would make the candidate liable for disqualification.

7. The responsibility of verifying the category of the candidate for ascertaining eligibility of admission and award of scholarship if any lies with the admitting institute.

8. Qualifying in CMAT 2019 does not guarantee any automatic entitlement for admission to P.G. programme nor AICTE assistance under P.G. programmes.

9. Any dispute concerning CMAT 2019 would be subject to jurisdiction of the competent courts within the territorial jurisdiction of New Delhi only.
